

PRODUCT MANAGER

About CH-Resource Vietnam

Founded in 2014, CH Resource Viet Nam is a market-leading platform for access to Digital Super Wallet.

Headquartered in Singapore, we specialize in on-and-off ramp services for Digital Super Wallet with local currencies, and we are present in multiple countries across the Asia Pacific.

Our platform was founded by Singaporean entrepreneurs, and we are backed by prominent investors from Silicon Valley such as Tim Draper, Josh Jones, as well as established venture capital firms such as Boost VC.

Key Responsibilities

- Define product vision, strategy, and roadmap with in-depth understanding of markets, competition, and user needs.
- Identify and target key user segments for existing and new products.
- Validate ideas and design decisions with qualitative and quantitative feedback by conducting and analyzing user research.
- Drive product development from small features to entirely new products and ensure successful product delivery.
- Be the owner of the entire product life cycle and work hands-on with various teams such as user experience, user research, marketing, engineering, legal and business development to research, plan, build, ship and manage products.
- Define and analyze metrics that inform the success and direction of products.

Requirements

- At least 3+ years of experience in Product Owner/Product Manager position.
- Demonstrated ability to evolve product strategy based on research, data and industry trends.
- A passion & expertise for web/mobile platforms and technologies.

- A diverse portfolio of projects that demonstrate your skills in product management.
- Great communication skills and an ability to explain your design decisions clearly, including the problem you are solving, alternative options you considered, and preferred solutions.
- An interest in high-level product strategy and vision and a recognition of how your work can impact it.
- BA/BS degree in Computer Science or related technical field, or equivalent practical experience.

Nice to have

- Familiar with and passionate about digital assets, its network and protocol.
- Desirable Skill(s): PMP...
