

UI/UX DESIGNER

About CH-Resource Vietnam

Founded in 2014, CH Resource Viet Nam is a market-leading platform for access to Digital Super Wallet.

Headquartered in Singapore, we specialize in on-and-off ramp services for Digital Super Wallet with local currencies, and we are present in multiple countries across the Asia Pacific.

Our platform was founded by Singaporean entrepreneurs, and we are backed by prominent investors from Silicon Valley such as Tim Draper, Josh Jones, as well as established venture capital firms such as Boost VC.

Key Responsibilities

- Research and analyze digital technology market, our competitors, and similar products.
- Conduct user research, usability testing, and surveys.
- Create user flows, wireframe, mockup, prototypes.
- Create functional architectures and design product interfaces for our web, app applications, based on product requirements obtained from the Product Managers.
- Create and improve design system to provide visual consistency of the whole product platforms.
- Implement interface review and technical flaws solving.
- Partner with the stakeholders to create design concepts, ideating features, and sharing design concepts.

Requirements

- Strong UX knowledge, skills, and experience in applying in the real products.
- Solid experience in design fundamentals (color theory, typography, grid systems, layouts, icons, and interactivity).
- Experienced in data tracking.
- At least 3 years of creating user interfaces with extraordinary user-experience solutions.
- Strong portfolio demonstrating solid product design knowledge.

- Familiar with design tools (Figma, Adobe Creative Suite), and knowledge of Protopie, or any other prototype tools is a plus.
- Strong critical thinking, self-study, ownership skills.
- Good English Skills.

Nice to have

- Familiar with and passionate about digital assets, its network and protocol.
- Able to code in multiple languages: Java, Scala, Golang, Ruby.
